Program Overview :

Coverage Types

- Claims-made (does not include tail coverage)
- Modified claims-made (includes pre-paid tail coverage)

Coverage Limits available to:

- **Individual Physicians**
- **Professional Corporation (PC)- Shared Limit Option**
Coverage is included for the PC or partnership
- **Professional Corporation (PC)- Separate Limit Option**
 - The PC or partnership share the limit of liability with advanced practitioner(s)
 - All employed physicians of the PC or partnership must maintain active coverage with the Program
 - The limit for the PC or partnership is provided with the same limit maintained by the physicians

Application and Underwriting Process

A completed application and the following information must be submitted for consideration in the Program:

- Current Curriculum Vitae (CV)
- Currently valued claim history report(s) from insurance carrier(s) over the last 10 years
- Declaration page from current insurance carrier

The Program administrator evaluates each submission to determine program eligibility.

Supplemental information may be necessary in order to complete the evaluation.

Consideration for liability limits, coverage types (including prior acts) are subject to underwriting evaluation and approval.

The VPP was established to address the need of Trinity Health's independent physicians seeking alternatives to the commercial insurance marketplace. The Doctors Company ("TDC") is Trinity Health's fronting insurance partner, licensed and admitted in all 50 states. Evidence of insurance coverage is issued by TDC who works closely with Marsh in the administration of the VPP.

Although TDC is our fronting partner, claims are directed by Trinity Health and the ability to pay those claims rests with Trinity Health's wholly owned captive insurance subsidiary, Trinity Assurance, Ltd.

Detailed information regarding the financial backing of Trinity Assurance, Ltd. can be found on the Trinity Health website: www.trinity-health.org/financial-strength
