Steps to a KeyArx Solution for Physicians

KeyArx brings great minds together to provide strategic guidance to organizations like yours to consistently make better decisions, deliver better business performance and create real value for your members.

As healthcare professional practices continue to affiliate, benefits administrators and their brokers are tasked with offering valuable benefit solutions that meet the highly specialized needs of individual healthcare professionals while providing the purchasing scale and ease of administration crucial to sponsors. The KeyArx Group, designs, distributes, educates and enrolls medical practices, IPA's, ACO's, RRG's, GPO's and other members of the medical community in custom benefit programs.

Simply give us 3 things:

an employee census

a copy of your current policy

an invoice from your current provider

And we will give you...

Increased cost stability, renewal and purchasing power; unique contract provisions and extended rate guarantees. We will get you better benefits for less money.
